# SHOP, WINE & DINE, AT YOUR GREATEST CONVENIENCE

BE SURROUNDED WITH BOUNTIFUL AMENITIES

Located within close proximity to Upper Changi MRT station along the Downtown Line as well a quick 10 minute drive to the vibrant Jewel Changi Airport, Tampines Shopping Hub and Changi Business Park, rest assured you have everything you need - from a multitude of cuisines, retail options and grocery runs.

# GIVING YOUR LITTLE ONES THE HEARD START THEY DESERVE

## THE BUILDING BLOCKS FOR THE FUTURE

The continued pursuit of knowledge forms the basis for a successful start in life. With the many numerous educational institutes catering for youths of various age groups and educational levels, living in Harmony is also an investment in knowledge for generations to come.

Harmony is a pair of 3 storey semi - detached developments with an attic, pool and lift, nestled at 769 and 771 Upper Changi Road East in District 16.

769

771

Pushing the envelope of modern design and architecture, each stately abode has been built to "breakaway" from the middle boundary wall, giving it the illusion of being a pair of detached.

Harmony features 7 luxurious ensuite bedrooms which includes not one, but 2 master suites, a double volume dining area and an open-plan, columnless layout - a signature and testament by Sevens Group.

769

771

Luxuriate in utmost comfort with modern  
contemporary interiors greeting you at every area.

- 1 storage heater (per bathroom, including helper's)
- Bathub (only for master bathroom)

## KITCHEN APPLIANCES

Hob, Hood, Microwave, Oven, Refrigerator, Wine Chiller

## AIR CONDITIONING

Inverter or split unit with concealed or boxed up ducting works

## LANDSCAPING

Top soil with turfing

# NOTES TO SPECIFICATIONS

## A. Marble, Granite, Homogeneous Tiles

Marble/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/granite as well as non-uniformity between pieces cannot be totally avoided. While marble tiles can be polished to maintain its shine, Granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints.

## B. Solid Timber, Parquet

Solid timber/parquet are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. They are also subject to thermal expansion and contraction beyond the control of the builder and the Vendor.

## C. Air-Conditioning System

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

## D. Television and/or Internet Access

The Purchaser is responsible to pay the respective annual fee(s), subscription fee(s) and such other fees relating to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make any arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

## E. Appliance, Equipment, Fittings, Installations and Materials

The brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided by the Vendor and subjected at all times to market availability.

## F. Layout/Location of Fan Coil Units, Electrical Points, Television and/or Data Points, Telecommunication Points, Audio Intercom System and Other Internal Layouts

The Layout/Location of Fan Coil Units, Electrical Points, Television and/or Data Points, Telecommunication Points, Audio Intercom System and Other Internal Layouts are subject to the Vendor's final decision.

## G. Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers and are not within the manufacturer's and Vendor's control. Breakage and/or cracks may occur due to accidental knocks and/or hits. The Purchaser is recommended to take up their respective home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations.

## H. Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/ or appliances installed by the Vendor at the Property, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Property is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligation under the respective warranty period(s). Warranties do not cover wear and tear and overall maintenance. Purchasers are encouraged to practice regular up keeping of any equipment and/or appliances, where applicable.

## I. Mechanical Ventilation System

Mechanical ventilation fans and ductings are provided to toilets and/or bathrooms which are not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets and/or (where applicable) is to be maintained by the Purchaser on a regular basis.

## J. Landscape and Planter Boxes

Planter boxes are designed to take the loading of potted plants only. The species of plants and landscape design shall be selected at the Vendor's sole discretion. The Purchaser is encouraged to engage their respective contractor to conduct regular maintenance and up-keep of the landscaping.

## K. Lift and Swimming Pool

To ensure good working condition of the lift and swimming pool, the respective systems have to be maintained and/or serviced on a regular basis by the Purchaser. The Purchaser is advised to engage his own contractor to conduct the regular maintenance and/or servicing regularly.

## L. Cable Services

The Vendor shall endeavour to procure a service provider for cable television and/or internet services (the "Cable Services") to provide the necessary cabling or connection from its network to the Unit and/or Housing Estate (the "Development") (or any part or parts thereof), so as to enable the Development to receive the Cable Services. In the event, despite reasonable efforts being made by the Vendor, the Vendor is unable to procure any service provider to provide the said cabling or connection, thereby resulting in there being no Cable Services available in the Development, the Vendor shall not be liable to the Purchaser for any compensation or for any damages, costs, fees, expenses or losses whatsoever, or howsoever incurred, by virtue of the Purchaser being unable to obtain the Cable Services in the Development.
